Nature Lovers

We love living on a healthy planet, which is why we always work with the utmost attention to **environmental sustainability**.

Made in **Italy**

We process raw materials from the best sources all over the world, but the **know-how** and the attention to quality are **100% Italian**.

Innovation

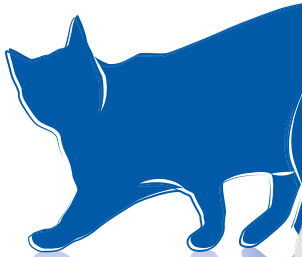

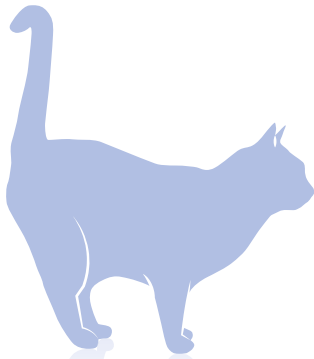

We investigate and carefully analyse the needs of each cat to create products that are increasingly functional, **comfortable**, and **sustainable**.

LONG
LASTING

HIGH
AGGLOMERATING
POWER

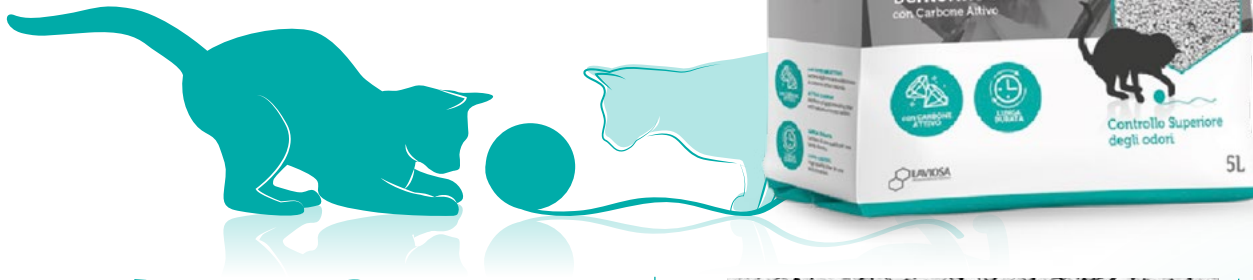

High-quality agglomerating hygienic litter. Composed of 100 % fine and unique white colour bentonite, enriched with blue granules, an excellent agglomerating and absorbent power, and a **fine, soft grain size**, ideal for the cat's delicate paws. Its extra fine grains trap liquids in a small, compact, easy-to-remove ball, ensuring exceptional product performance over time. With its fresh laundry fragrance, it is the ideal litter for those who love the aroma of cleanliness!

Fine Touch

Talc fragrance
and fast clumping

High-quality hygienic cat litter, 100% made of fine-grained bentonite. The small size of the granules ensures a greater **comfort** for your cat's paws, allowing fast clumping and the formation of solid lumps as well. Signor Gatto Fine Touch is a completely natural product, enriched with a pleasant **talc fragrance**.

Natural Dry

Odour-free
and ultra-absorbent

Top-performance cat litter, 100% made of **natural clay** with a high odour and absorbing power. Thanks to its specific lamellar structure of this mineral, the bacteria – which are the main cause of bad odours – are quickly entrapped and neutralized. This product is completely natural and chemical free.
